

Moulik Rubber Industries

An ISO 9001:2008 Certified Company

O-Ring

Oil Seal

Diaphragm

Extruded Profiles

Mi Trusted Name Among Industries

We are serving into the following industries:

- Electronics & Telecommunication plants.
- Electrical switchgear, Boards & Station Mfrs.
- Pharmaceutical Plants & Equipment Mfrs
- Pumps & Valves Mfrs.
- Mechanical Seal Mfrs
- Chemical Seal Mfrs
- Motors, Gears & Power Trans equipments Mfrs
- Petrochemicals & Fertilizers plants
- Other Engineering plants

Product Range

O-Ring, V-Ring, V- Seal, U-Seal, Lip Seal, Wiper Seal

Oil Seals

Diaphragms

Gaskets, Washers

Metal Bonded Rubber Parts

Extruded Rubber Profiles

Your search for Hi-tech quality rubber products ends here !

- We take this opportunity to introduce our self, as one of the leading manufacturers of maintenance free, leak-proof and precision Rubber Components.
- We are providing our services into a diverse range of industrial segments since 1990 as an **SSI registered** company, with an **ISO 9001-2008 certification** by M/S.Bureau Veritas Certification India PVT. Ltd.
- We maintain **strict quality control** throughout the manufacturing process and provide **excellent service** for complete customer satisfaction.

Product Details

We undertake jobs for Precision Rubber moulded parts such as '**O' Rings, Oil seals, U & V Seals** for Hydraulics, Pumps, Chemical and Mechanical Seals, **Diaphragms** for Actuators, Pneumatic control & Saunders Valves, **Bellows, Gaskets, Washers, Bush, Vibration mountings, Metal-Rubber Bonded products** and **Extruded profiles** such as Strips, Sleeves, and Cords.

We can also manufacture rubber products as per Customer's drawings, standard specifications and Samples from variety of Imported Synthetic Rubber grades like **Viton®** fluoroelastomer, **Neoprene, Nitrile, HNBR, E.P.D.M., Silicone, Polyurethane** and also **Natural Rubber**.

"Being on par with quality & price only gets you in the game. But Service wins the game."

-And that is what we strive for -

We manufacture rubber parts which are used for actuation & sealing purposes in **Control Panels, Push button switches & other electrical applications**.

Our key products for electrical applications are:

- **BOOTS**
- **BELLOWS**
- **Station Cover GASKETS**
- **Soft Rubber Cord Profiles** (round, half round, square or any other shape)
- **Actuator & Key Selector U-Seals, Belt ring, Diffuser Washer, Actuator Diaphragm, O-ring, V-Ring**

We manufacture rubber parts for **Pharmaceutical plant machinery & equipments**. Due to the non-toxic & food grade nature of our products, they comply to **FDA 21 CFR 177.2600 USP class VI**. Our products are used in bulk drug and life saving medicine manufacturing machineries, for the filtration of chemical plants, pumps, valves, sanitation process, dairy and food processing plants. Our Key products for pharmaceutical applications are:

- **O-rings, Seals**
- **Filter Gasket, Tri clover Gasket, Notch-Filter Gasket, Body Gasket, Envelope Gasket, Autoclave Gasket, Door Gasket**
- **Diaphragms**
- **Transparent & Colored silicone Rubber Tubes & other extruded profiles for sealing purpose.**

GASKETS

OIL-SEALS

We manufacture **Extruded rubber Profiles**, which are non-toxic, odourless and has high temperature resistivity & excellent electrical properties. The extruded profiles include:

- **Cords (Round, oval, square, rectangle, & others)**
- **Sleeves (Colored & Transparent)**
- **Strips (Solid & Sponge type)**
- **Gaskets**
- **Other Shaped Profiles (D type, P type, U type, V type, T type, etc)**

Rubber-Metal
Bonded Parts

DIAPHRAGMS

BELLOWS

We have experienced and skilled labours for production and a team of qualified professionals with technical expertise to further assist them. We have state-of-art machineries for in-house molding & extrusion process, and all sorts of Grinding and Polishing Machines along with accurately calibrated testing instruments.

We will be much obliged to work with your profoundly reputed firm and are looking forward to receive your valued enquiries, which will be acknowledged and responded with competitive rates along with the assurance of quality and accuracy.

We shall be over-whelmed to be of service and are looking forward to hear from you very soon.
